

**North Cleveland Baptist Church
Work Request for SMART**

SMART (*Small Maintenance and Repair Team*) is an arm of ministry for North Cleveland Baptist Church members. The purpose of SMART is respond to physical ministry needs within the church that can be handled by one or two people in a fairly short time. Examples of possible jobs include small home repairs, carpentry, painting, plumbing, yard work, and electrical repair. Yard work will not be on a continual maintenance basis, but for jobs that can be handled on a short term basis. Emphasis will be on meeting the needs of widows, elderly, and the homebound, particularly those with limited incomes.

Work must meet a practical need of members that cannot be accomplished by the member themselves. Remodeling for esthetics purposes is not considered a valid need.

Larger projects such as handicap ramps, can be requested through SMART, but will be handled by the Baptist Men's Group.

Please provide the following information about your request:

Name: _____

Address: _____

Phone Numbers: Home _____ Cell _____

Email if available: _____

Provide a brief description of the work requested and why it is needed:

Can you pay for materials that may be needed to complete the work? Yes____ No____

A member of SMART will contact you about your request and schedule an initial contact and possible follow-up actions to accomplish the work.
